

John Eakins, M.P.P.

Concerned about effects of Woodworkers strike

During the Debate in the Legislature on the strike in the Woodworking Industry, John Eakins, Liberal MPP for Victoria - Haliburton stressed the urgency of an early settlement of the labour problems involved.

large chip plant and saw mill operation in Haliburton has been forced to close down, and enormous piles of chips are being dumped because there is no sale and therefore no cash flow. Already about 100 people have been laid

have urged the Minister of Labour to use every effort to obtain a commitment from the paper mills that supplies of old chips and stock on hand will be absorbed before the renewal of activities to cut more from the bush. Also I have brought to her attention the serious difficulties caused for Ontario companies because Quebec

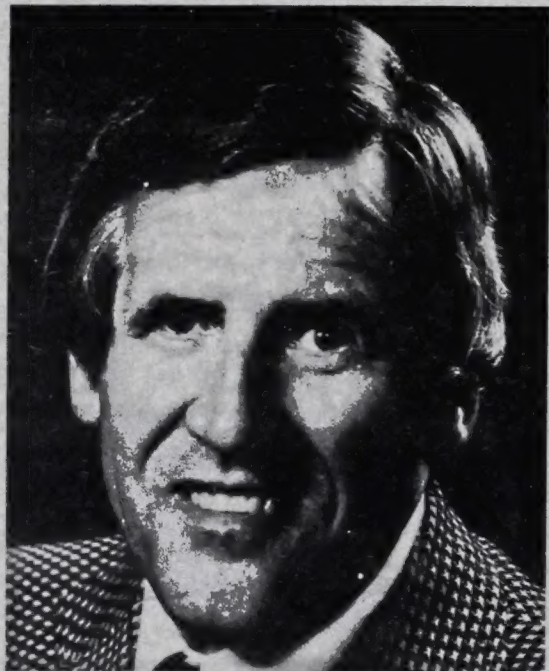

continually favours the Province's own firms, leading to a situation where people in the Ontario industry find it easier to do business with the U.S.A. than with Quebec.

"During the recent Debate on the Estimates of the Ministry of Industry and Tourism, I brought to light the fact that Quebec lab furniture receives preferen-

tial treatment at the expense of the Ontario industry, and also advertisements for the Canadian Olympics stressed only those companies located in Quebec or having their head offices there need apply. At that time the Treasurer commented that as the biggest and wealthiest province in Canada we simply have to put up with

this situation. I find this attitude completely unacceptable.

"I have the greatest faith in the Minister of Labour, and have urged her in the strongest possible terms to do everything in her power to bring about an early and effective settlement of the present labour problems in the woodworking industry."

HALIBURTON COUNTY ECHO

"The voice of the Highlands"

WEDNESDAY, DECEMBER 10, 1975

16 PAGES

15 CENTS

"I am particularly concerned about the effects of this strike in the County of Haliburton," said Mr. Eakins. "This area is tremendously dependent on the lumber industry, and we already have a very depressed market because of strikes at Domtar, Ontario Paper and Beaverwood. A very

off, from a total of 500, and another 300 are expected to suffer the same fate, although everyone concerned hopes this can be avoided.

"In the Haliburton area a several million dollar industry is being seriously damaged because chips and lumber cannot be moved. Truckers are particularly affected. I

Senior citizen's bazaar successful

The Monmouth Senior Citizens' Bazaar was a great success. Thanks to the active Senior Citizen who worked under Conning or Pat Grant. Also many thanks to Mrs. Cleo Earle and the village

ladies who catered for the Bazaar Tea on November 29th, and turning over the funds to the Senior Citizen Club of Monmouth.

Wishing all members a Merry Xmas.

School enrolment on the decrease

Ontario's secondary school enrolment will decrease by more than 100,000 in the next 10 years, Education Minister Thomas Wells said last week.

Mr. Wells said that a Ministry enrolment projection indicates that secondary school enrolment reached its peak last year and is expected to fall from 589,650 to a low of 479,526 in 1984. He said that school board officials across the province have been warned to prepare themselves to deal with the many problems associated with declining enrolment.

The projections indicate

that elementary school enrolment, which began to drop a few years ago, will continue to decrease by another 100,000 between now and 1980.

The projection forecasts that elementary school enrolment will drop from the 1,404,839 of last year to 1,303,884 in 1980. However, the study foresees an increase of 55,719 elementary students between 1980 and 1984.

Enrolment in Ontario's elementary and secondary schools has been dropping steadily since the 1971-72 school year when it reached an all-time peak of 2,031,360.

New dental program in Haliburton County

This is a new dental health program recently initiated in all the elementary schools in Haliburton County.

In this program students Grades 1 to 8, rinse their mouths every other week for 1 minute with a dilute fluoride solution. This is done initially under the supervision of Health Unit Dental Staff, and then is taken over by the classroom

teachers or parent volunteers.

In other parts of Canada, United States and Europe where this preventive program has been utilized for a number of years, tooth decay has been reduced an average of 30 to 40%.

Student participation in the program, which is free of charge and done by parent consent is well over 90%.

Bancroft man placed third in Rodeo

The written test was used to determine this year's MTC Rodeo winner, because Richard Goebel and Edgar Chagnon were tied in total points even after a final run-off through the test course at Downsview.

After the scores for their written tests were deducted from their total point scores, Richard E. (Dick) Goebel, an equipment operator with Hamilton District for 15 years, was proclaimed winner.

Dick was competing for the second time in the Rodeo. He was runner-up in the 1974 contest. According to Dick, "The competition was much tougher than last year and the scores were higher."

Runner-up in this year's

Safe Driving Rodeo was Edgar H. Chagnon, an equipment operator from Kenora District. This was the first time he had competed in the Downsview competition since he joined the Ministry three years ago.

Counsel A. Merchand, an

equipment operator with the Ministry for 10 years in Bancroft District, placed third. This was the first time he had competed in the Downsview Rodeo.

"There are some good drivers here and they have put a lot into the Rodeo,"

Counsel pointed out.

He and his wife, Viola, live in Dacre and have three girls and one boy. Mr. Merchand's interests include fishing, hunting and snowmobiling in the area around Bancroft.

Eakins urges government to reinstate the wolf bounty

John Eakins, Liberal MPP for Victoria - Haliburton, has urged the Ontario Government to consider reinstatement of the wolf bounty at least for a short period.

"Brush wolves are creating serious problems in the Niagara area," said Mr. Eakins, "and people are being paid on an hourly basis to hunt down these predators. Surely the reinstatement of the wolf bounty would be a more practical and effective method of handling this problem."

Throughout the province wolves are being sighted more frequently than in recent years. Deer hunters have seen a great many of them, and there have been a number of sheep killed by wolves. The Glenora area in Victoria County is one region where there have been incidents of this kind, and there have been similar reports from many other parts of the Province.

"A system of paying hunters on an hourly basis in only one specific area seems

inefficient and inequitable, since they could be paid a considerable amount of money for hours of work which are non-productive. I have, therefore, urged the minister to give serious consideration to the feasibility of reinstating the wolf bounty, at least for a period of approximately a year, in the hope that this action will prevent the situation getting out of hand. The wolf bounty would, I think, generate more initiative for people to actually go out and hunt these animals.

OPP questions some fund raising

Prior to the Christmas Season each year, hundreds of thousands of dollars are solicited by telephone and collected by professional fund-raising people. All of these telephone solicitors indicate, or lead people to believe, that these donations will be used for the benefit of underprivileged children or other worthy causes.

The Ontario Provincial

Police Anti-rackets Branch has been receiving enquiries in regard to Province-Wide telephone solicitations for funds, or requests for donations to various charities. With the Christmas Season approaching, the main solicitation now is for Christmas parties for the needy or handicapped children. Solicitors are requesting funds from the public for adver-

tising in Christmas Party Programs or for the purchase of tickets that are to be given to the underprivileged or handicapped children.

Participation in these schemes must be by individual choice, however, the Ontario Provincial Police remind you that a very small portion of the gross collections ever go any further than the fund raiser's pocket.

Dec. 31 last date for rebate on sales tax on new automobiles

Arthur Meen, Minister of Revenue, in a letter to members of the Legislature, reminded them that the program for rebating retail sales tax on new cars is winding down and will expire December 31, 1975, as originally announced.

Mr. Meen reviewed the

criteria for receiving the rebate: "In order to qualify for the rebate, a new automobile must be registered in the purchaser's name on or before December 31, 1975. No tax-rebate will be made for vehicles registered after that date.

"New car buyers should

be aware that qualification is determined by the Registration Date, not the date of delivery," he added. Therefore, cars that are purchased and registered by December 31 but delivered after the new year, will qualify for the rebate.

Minor Hockey Action

ATOM

Friday evening past, the Atom team lost a 6-4 decision to Bobcaygeon. One brighter part of the game was the individual play of Scott Rae who notched all of Haliburton goals. This team seems to have scoring power but with a little help they will have to improve on their defensive play.

BANTAM

Haliburton vs Kinmount
Friday December 5th.
Right from the sound of the opening face-off anyone in attendance could recognize that this game wasn't to be any contest. The boys from Kinmount deserve praise as they all tried hard but just

were no match for George Nichols win hungry team. Final score 28 - 0.

Haliburton 10 Bobcaygeon 2
Tim Davies highlighted this outburst with 3 goals and 1 assist and the rest of the goals were distributed when the boys played away at Bobcaygeon. This team should be in first place as they have only lost 1 game and won six. We are looking for a great latter part of their schedule as these boys are improving every time out under coach George Nicholls.

MIDGET

Last Friday the local Midget club were guests of the Fenelon Falls midget club. They were treated as such as they skated to a 8-1

victory! Coach Gary McKnight has this club working well and they aren't getting good competition within their own league. Goal getters for Haliburton were Joe Roberts with the hat trick, Andy Salvatori, Jerry Stephenson, Jim Thompson, Larry Stinson and Dave Levely.

Monarchs win again

The Monarch club with the addition of a couple of new players pulled a upset win in Bracebridge Saturday night with a 5-4 win. Craig Stamp with part pro experience is trying to establish a system with this club and if he can keep them together wins like this one should be more frequent!

Friday night at home the locals hung in for two good periods but couldn't hold on and came out on the losing end by the score of 10-5.

This Sunday afternoon Minden will be playing host to Bradford and any child accompanied by a parent or guardian will be given a free puck. Game time is 2 p.m. at the Minden Arena!

by Roy Bates

HCSA Adopts Meeting Room

For nearly five years the Haliburton County Snowmobile Association has moved its regular directors meetings from place to place throughout the County according to the whims of the members and the availability of space. The need, or certainly the desirability of a centrally located meeting place was often discussed and finally has been acted upon. Through the co-operation of the West Guilford Recreation Centres Board a back room above the hall was placed at the Association's disposal. It will now be possible to locate office supplies, filing cabinets, maps and other paraphernalia in a place accessible for all meetings.

The HCSA expresses its thanks to the Board for the special consideration of the Association's role in the community by establishing a very reasonable rental arrangement. We sincerely trust that the good people of West Guilford will benefit from our presence in their village.

Snowmobile Operators Licensing Postponed

It was disclosed at a Directors meeting of the Ontario Federation of Snowmobile Clubs December 6th and 7th that the licensing of snowmobile operators will not become effective until next July. This does not mean, of course, that you will be able to operate without a licence. It simply means that no special snowmobilers licence will be available to you this season. To operate on a public trail, or on such roads as permitted under the Motorized Snow Vehicles Act, or to cross a highway you must be in possession of a valid drivers licence, the one that permits you to drive your car. Your children under 16, and a lot of wives, are once again out of luck.

The OFSC and the Ontario Safety League are extremely disappointed by this turn of events. Both organizations have worked diligently through out the past seven months to prepare a viable course of instruction and to get themselves ready to implement it. They are now told that it is impossible to put the necessary legislation through in time to issue licences this year.

It is expected, however, that the schools of instruction will get under way in mid-winter. Unless further hitches develop, you should be able to take the course, write the exam, and obtain your proficiency certificate all in one day. You will then be qualified to pick up your licence when that elusive date comes around.

Michigan Riders did it again!

In late January and early February of 1973 a group of Michigan snowmobilers, led by Ray Frieberg travelled from Marquette to Portland, Maine. On that trip the party passed through Haliburton, and I had the great pleasure of spending an evening with them and next day escorting them to Bancroft. I can tell you now that I was sorely tempted to succumb to Ray's coaxing

and to get a look at the Atlantic Ocean in winter!

The November/December issue of the OFSC NEWS carries an account of a trip that some of the same riders made last winter. Henry St. Aubin was trailboss this time, and Ray Frieberg kept the diary.

The starting point was Gwinn, in Michigan's Upper Peninsula, and the destination Lake George, N.Y. Crossing into Ontario at Sault Ste. Marie, they followed a course along the North Channel touching at Thessalon, Iron Bridge and Espanola, to Sudbury, Sturgeon Falls, Stonecliffe, and on to Arnprior where they turned south to cross into New York at Ogdensburg.

In his diary of the trip, Mr. Frieberg is prolific in his praise of all the people from the clubs along the way who helped with guiding and entertainment. They were wine and dined at several points, and at almost every stop a free exchange of club patches took place.

The snowmobilers in snowmobile clubs are usually very helpful, very compatible people. They share a common interest, getting the most fun out of their snowmobiling dollar. Join the fraternity. Snowmobile with your friends, IN A CLUB.

Snowmobilers seek guides for January trip

The St. Lawrence Wanderers of Ogdensburg, New York, are planning to snowmobile to the races at Eagle River, Wisconsin in January of 1976, journeying through Ontario. This 11 man group will snowmobile about 1200 miles and will be relying on many clubs in Ontario for guides as they travel across the province.

The following is their proposed schedule:

Wed. Jan 7 - Leave Prescott for Arnprior
Thurs. Jan. 8 - Leave Arnprior for Deep River
Fri. Jan. 10 - Leave Deep River for Sturgeon Falls
Sat. Jan. 10 - Leave Sturgeon Falls for Espanola
Sun. Jan. 11 - Leave Espanola for Hilton Beach, St. Joseph's Island
Mon. Jan. 12 - Leave Hilton Beach for Grand Marais, Michigan

NOTE: An option of taking a rest day at Sturgeon Falls could push the rest of the trip back a day.

The executive of the St. Lawrence Wanderers have already had two meetings with OFSC director Val Madden to obtain the names of clubs and possible guides along their proposed route. President and trailboss, Fred Savino, will personally contact them soon.

At present, there are no OFSC clubs between Mattawa, North Bay and Sturgeon Falls along the Trans Canada and the Americans would appreciate the assistance of guides in that area. If anyone knows of a snowmobile club or an interested snowmobiler who could act as a guide, please contact; **Fred Savino, Route 3, Lost Village Road, Ogdensburg, NY 13669, USA.**

Junior Jottings

Huskies 4 - Bewdley 3

Last Wednesday the Junior club travelled to Bewdley to face what they thought would be an easy contest as they had pretty well slaughtered the same team a week previous by the score 17-6. It was not so! They came home with a 4-3 victory, but the contest was a slow pace setting game and our boys played just as hard as they had to. The four goals were shared by different players namely Tim Bain, Roger Bain, Dave Hartwick and Larry Robinson.

Huskies 6 - Jets 6

A recent addition to the Huskie team proved to be a welcome one as Tim Oram tied the exciting contest here Saturday night with just

seconds remaining! The team continues to play exciting hockey before the local fans, and the support shown shows they appreciate this brand of hockey! The Bancroft club and Haliburton seem to be pretty well matched and their games this year have been the most exciting encounters. Goal getters were Roger Bain with two, Tim Curry, Joe Roberts, Bev Hicks and Tim Oram! The team was coached by Grant Rae filling in for Brian Black and he handled the team superbly! This was Joe Roberts first game as a junior and he not only notched a goal but played a steady game! This Saturday at 8 p.m. the locals take on Wellington. Don't forget to get out and support the team and get in on the lucky draw.

Guest Sport Commentary

Observations of a curling spectator

Below is an article brought to us by a newcomer to the world of Curling as a spectator and participant!

Glossary of Terms

Rock - A round grey stone which is tastefully decorated in red or blue and has a half-handle attached to the top. Incidentally, one must always keep in mind that red is good and blue is bad, (I think)

Skip - The leader of the pack - his job is to point the broom at the target to assist other players at the other end who cannot see it.

Rink - This is the term used for the players of each team. This is important to remember as if one insists that a rink is a sheet of ice, they will be confused when they hear that rinks were sent in from Madoc, Fenelon Falls or other areas especially when one is aware that there was a mail strike on.

Pebbled Ice - Ice with goose bumps on it. This is done by a boy who runs around with a fly sprayer filled with hot water which he squirts all over the ice.

Procedure

The game is begun with 4 players on each team. (rink) The first thing the players do is shake hands. I believe this is a courtesy gesture to show that they do like each other even though they will shortly be throwing rocks at one another. In the event of a direct hit, this also can be interpreted as a farewell. The game is played on pebbled ice in an effort to promote the sale of men's trousers and therefore aid the economy of the country. At each end of the ice is a bulls-eye target, and in most cases, hitting the centre of the target is good. In curling it is bad. Apparently it is very difficult to have a rock land there but once it has it is very easy for the opponent to hit. The game begins with the skip standing at one end and letting the rest of his team throw rocks at his broom. This is to signify that he is brave and unprejudiced. I believe there is a definite significance in the fact that each man goes down on one knee before he throws his rock. It is probably an age old routine to ask forgiveness before he commits the fatal act; definitely showing the religious aspect of the game accompanied by occasional outbursts of what had to be prayer. After all men have thrown their rocks over and over without hitting another player, they retire to the clubhouse! This takes care of two angles - they celebrate the fact that they are all still alive as well as increase their anti freeze which has, by now, gone down to a level not suitable to the below zero celcius temperature in which they like to play. This is repeated then followed by a party if all members are still alive. I can only assume that if a member is lost, the party is replaced by a wake.

Last Nov. 29th, the Men's One Day Bonsel was a good success. The 10 rinks entered came from Fenelon Falls, Tweed, Don Mills and Haliburton. Each rink played three games, enjoyed a home cooked meal prepared by the ladies of the club and a good time was had by all. One of the out-of-town rinks mentioned that coming to curl in Haliburton is worth it for the fine supper that is served. The winner was Wally Stetham's rink from the Avonlea Curling Club in Don Mills, second was one of the

Fenelon Falls rinks and third was Ron Barr's rink from Haliburton.

The prizes ranged from electric carving knives to tool boxes. With the success of this trial event it is hoped to make this an annual bonsel at the club.

In regular play the members are involved in some real close games. This indicates the good competitive curling. In Monday Men's, Bob Colliver and Murray Kuno after eight ends were tied four all and in the extra end it went down to the last rock with Murray Kuno's rink finally winning 5-4. Clark Bailey's rink in the Early Mixed is undefeated after four games. In the new year a new set of teams will be drawn to compete for the club's trophies. At that time there will be openings for new members.

Haliburton Chamber of Commerce news

The Chamber is pleased to announce that we now have the Gestetner Scanner in our office. A mailing has gone out to all our members showing just what this new equipment can do for them. If you haven't seen the samples, ask someone who is a member to show you. Just one more important reason why it pays to belong to your Chamber of Commerce.

The copy for the 1976 Lure Book has now gone to the printer. We sincerely hope that we reached everyone that wanted to be part of this book before it went to press. The new expanded edition will be off the press in January and we feel confident that it will do a good job for its advertisers.

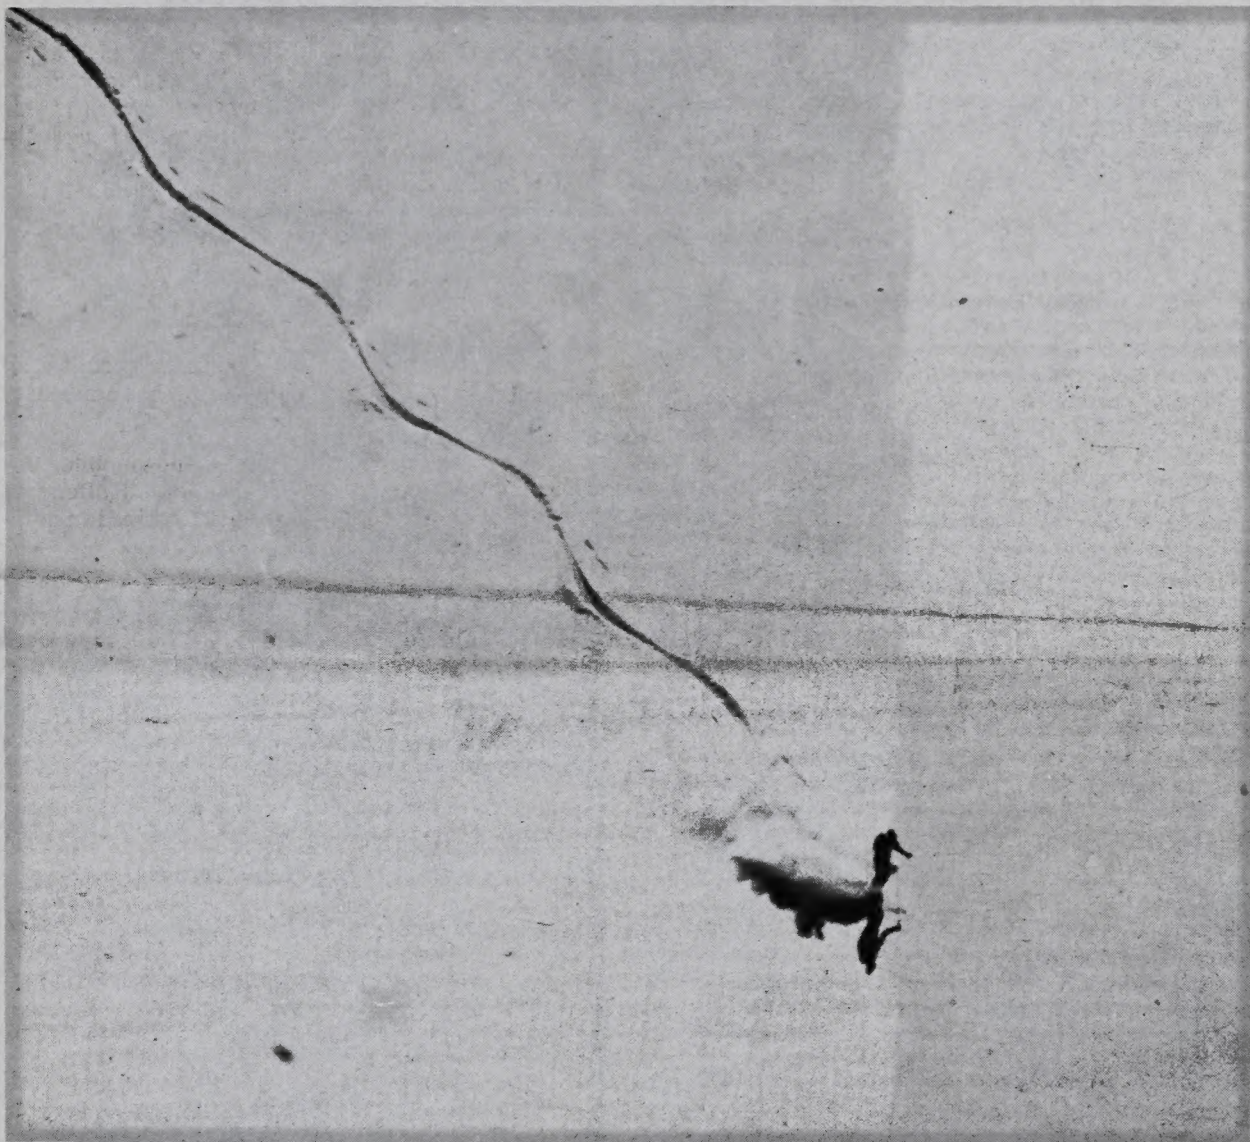

The Haliburton County Snowmobile Association tell me that although they have still not been granted any government funding, they are working hard to raise their own funds. The next fund raising event is their New Years Snowball Dance at the Legion on December 27th. Now you can celebrate New Year's twice. Tickets are only

\$5.00 per couple for members, and \$7.00 for non-members. Another good reason to join the snowmobile association.

While we are talking Snowmobiling, congratulations to Pat Wadell on acquiring their new Bombardier groomer. The trails at Haliburton Wildlife should be even better than ever now.

The Chamber of Commerce is now prepared to set up the "County Function Calendar". We ask all organizations to please call the Chamber office and notify us of the dates, times and places of your upcoming functions. They will be listed on our calendar and any subsequent callers will be made aware if their dates conflict with yours. This service should provide two benefits. Hopefully we can cut down on the number of conflicting events on the same date, and maybe we can help to publicize your functions for you. We can't help if you don't call us however. Don't delay -- Call us today -- The office is now open from Monday to Thursday, 9:00 a.m. to 4:30 p.m. and the number is 286-1760.

We are extremely pleased this week to welcome another new member into the community. After all these years Haliburton Village finally has their own Drug Store. A hearty welcome to Cauldron Pharmacy now operating at the former location of Poole's Variety.

PUT YOURSELF IN THIS PICTURE and ski the great untracked British Columbia this winter. (Canadian Government Office of Tourism Photo.)

Claim social drinker is leading accident cause

The social drinker is one of the leading causes of traffic accidents, the Canada Safety Council claims.

It also provides the following interesting information to the travelling public:

.08 and The Courts

Even if one is well below the .08 level of alcohol in the blood, accepted as the legal level by the courts, once can still be impaired. And the courts recognize this. Being caught at above .08% blood alcohol in the bloodstreams, in itself, is a criminal offence, BUT you can be impaired on one drink and can be charged and convicted with less than .08 in your bloodstream if you show other symptoms of inebriation.

The Penalties

The penalties for impaired driving can range from those provided in the new Criminal Code of Canada - which include: fine, imprisonment, or both, and loss of driver's licence - to the possible loss of insurance, higher annual insurance rates, loss of job, even social disgrace.

Section 234 of the Criminal Code of Canada states that impaired driving is an offence even if the driver's blood alcohol is less than .08 per cent and that the **penalty for a first offence is:** a fine on not more than \$500 or less than \$50 or jail for three months or both. For the **second offence** it is jail for not more than three months and not less than 14 days. Subsequent offences mean jail for not more than one year but not less than three months.

Section 235 of the Code states that breath tests for blood alcohol are compulsory. It is an offence to refuse to take a breathalyzer test for blood alcohol when such a test is demanded by a peace officer. The penalty... on summary conviction only ... is a fine of not more than \$1,000 or less than \$50 or jail for not more than six months or both.

Section 236 of the code states that it is an offence to drive if the driver's blood alcohol exceeds .08 per cent. Penalty: the same as for section 235.

-Host and Hostess Hints
1. Serve snack foods early in the evening. This tends to slow down the assimilation of

alcohol.

2. Since some types of drinks carry a greater "kick" **THAN OTHERS* STICK TO THE RECIPE.**

Most people can feel the effect of a drink soon after drinking it. The effect differs with each individual and depends on many factors, including the type and size of the drink, a person's body weight, whether the drink is taken on an empty stomach, the rate at which the drink is consumed and many other factors. Different people reach different impairment levels with the same amount of alcohol. It's a good idea to use the Canada Safety Council's blood alcohol chart as a guide and realize that different people reach a level of impairment at different times.

3. Plan some activity such as dancing or games. This usually tends to cut down on the amount of alcohol consumed.

4. Always respect the wishes of any guest who says "No thanks" to the offer of a final drink or who says "I'll just have coffee". Never press alcoholic beverages on a guest who is going to drive.

Remember that it takes time to eliminate alcohol from your body system.

5. Make it part of your entertainment to close the bar an hour or so before guests are expected to leave. This can be done casually by serving coffee and food. Your guests will realize this is the way things are done in your house.

6. Have non-alcoholic beverages ... coffee, tea, soft drinks, or fruit punch available for the final "one for the road". Remember coffee does nothing to sober your guest. But it will give his body time to eliminate some alcohol.

7. If worst comes to pass and you realize, too late, that someone has had too much to drink, turn on the diplomatic charm. Suggest tactfully a car pool with another guest, or arrange transportation by taxi. Don't expect that this will be easy. The person least able to operate a car safely usually is the one who is most convinced that he is in brilliant shape for driving.

Letters to the editor

The following is a letter we just received, thanking an area resident for a kind deed he performed.

Evan Shaw Plumbing & Heating Service
R.R. # 2,
Haliburton, Ontario.

Dear Sir:

I would like to thank you for your kindness in returning my boat to the Government dock at Koshlong Lake in October, weeks ago, after the bow rope snapped.

After a summer in which I personally had a marine battery stolen and my boat vandalized several times when moored at the dock while I returned to the city, it is refreshing to find someone who still believes in the Golden Rule. It reinforces my belief that society is not so sick as many would have us believe, but is being poisoned by a few.

Once again, thanks for your kind action.

Yours very truly,
Garth C. Huffman,
Etobicoke, Ontario.

Dear Sir:

I wish to write this as an open letter to the People of Haliburton County.

There is a Juvenile Hockey Team in Minden and these young men come not just from Minden but other areas of the County. They have already won both games but the support they are getting from Hockey Fans is lousy. They have 3 more home games to play and my hope is that when people read this letter (if they do) they will shut off their TV's and come out and see Hockey played as it should be played, and not a fighting penalty ridden game.

These Chaps play hockey for the love of hockey and deserve your support. When even the Referees whom I have talked with say that they are one of the best teams they have refereed then it is time the people came out and supported them.

Don't forget to shut off your TV's on December 13, December 20th and January 3rd, and come out and show the Juveniles you are behind them all the way.

My congratulations to the Coach and Juvenile Team for **Good Hockey.**

Sincerely
Irene Moore

Haliburton Newsletter

At the start of the winter season several years ago all construction work ceased in the County of Haliburton, but as you look around the area now there are numerous projects underway or near completion.

The Minden Monarchs will be holding a big day on Sunday, December 14, as they have declared it Puck Day when all children accompanied by parents will receive a free puck. The Monarchs are also planning door prizes for this game in which they will host Bradford at the Minden

Arena this Sunday at 2:00 p.m.

Mr. Ward Trotter of Apsley will be the guest speaker when the Full Gospel Businessmen's Fellowship International will hold their Christmas Dinner Meeting at the Kosy Korner Restaurant in Haliburton at 7:00 p.m. on Saturday, December 20.

The Christmas Season is getting into full swing now with the various churches and organizations

throughout the County presenting Christmas pageants, special services and evenings of singing carols. We hope that as many people as possible make an effort to attend these functions as the various groups spend a great deal of time in order to present a special evening during this festive and joyous season.

This week we have noticed several youngsters skating on the ice at Head Lake in Haliburton. We would like to warn the parents to keep their children off the ice until such a time the ice is considered safe for skating.

Editorial

Laws concerning motorized snow vehicles

All snowmobiles in Ontario must be registered with the Ministry of Transportation and Communications. There is no charge for the registrations. Registration numbers must be displayed before operating a snowmachine anywhere in Ontario. Before the machine is operated anywhere except on your own property a permit or validation sticker must be purchased from the local office of the Ministry of Transportation and Communications at a fee of \$10.00 (Minden Boat Works in Minden or Varty's Jewellers at Haliburton).

Registration numbers must be affixed to both sides of the cowling along with the validation stickers. Information on the legal placement of these numbers can be obtained from the local issuing office.

Anyone who changes his address, sells or purchases a machine must notify the Ministry of Transportation and Communications within six days.

To drive a snowmachine along or across a highway in Ontario you must be 16 years of age and have a drivers licence. Keep in mind that a Highway includes the ditches and that an instructional permit is not a drivers licence, which

must be produced when requested by a police officer.

To operate a motorized snow vehicle on a highway or a public trail you must be insured and the owner of a motorized snow vehicle shall not permit any person to drive the snow machine upon a highway or public trail unless the driver is insured. Proof of insurance must be produced when requested by a police officer. Failure to produce this proof carries a maximum fine of \$500.

A person is also liable to a maximum penalty of \$500 for knowingly or unknowingly trespassing on land while operating a motorized snow vehicle unless he received permission in writing signed by the owner of the land. When requested by the owner of the land the snowmobile operator must stop and identify himself by giving his correct name and address.

Except for sanctioned races a motorized snow vehicle must be equipped with a muffler in good working order. Straight exhausts, gutted mufflers or by-passes are not allowed.

A rigid tow bar is required at all times when towing a toboggan, cutter, or sled or similar conveyance. No person or conveyance shall be

towed by a motorized snow vehicle on any roadway or shoulder except to cross at a 90 degree angle.

When operating a snow machine on the roadway, shoulder or public trail a C.S.A. approved helmet must be worn.

Unless changed by Municipal by-laws or regulations no person shall drive a snow mobile at a greater rate of speed than 15 miles per hour where the speed limit for motor vehicles is 30 miles per hour or less, or in any public park or exhibition grounds. A speed limit of 30 miles per hour for snowmobiles applies when the limit for motor vehicles is greater than 30 miles per hour and when operating on a public trail.

If you are involved in a collision resulting in \$100 damage or any inquiry you must notify the local police, forthwith.

Failure to comply with most of the sections of the Motorized Snow Vehicles Act carries a penalty of up to \$300.00.

Remember, the owner of the snowmobile, as well as the operator, are liable for all offences regulating the operation of Motorized Snow Vehicles.

Pic of the past

This is a photo of the teacher and students taken at Irondale, in Snowdon Township, in 1898.

Several family names, living in Irondale at that time, were Curry, Barr, Wright, Maxwell, Flood, Hancock, Graham, Peacock, Simmons and the teacher may have been Esther McElwain.

The reproduction of the older photos by the process used by the Haliburton County Echo is

usually so much improved over the original that it may be possible to name at least a few of the students.

Andrew Curry of Haliburton, Ted Peacock of Gelert, Mrs. Luella Griffin of Gooderham and there may be others who attended the Irondale School about that time who may be able to recognize some of the students.

The sixth student from the left in the back row is Jessie Ellen Barr, daughter of Peter and Elizabeth Barr. A few years later Jessie Ellen Barr and William R. Curry were married and moved to Haliburton Village in 1906.

Should anyone be able to name others in this school picture please contact Ronald J. Curry, Haliburton, Phone No. 457-2184.

Sand and gravel supplies examined by group

The future of mineral aggregates in Ontario will come under close scrutiny of a Central Ontario Mineral Aggregate Working Party appointed today by Natural Resources Minister Leo Bernier.

The 13-member working group will provide advice and assistance to the Ontario government on mineral aggregate policies. It will report by July, 1976.

"Forecasts of the mineral aggregate supply situation in the Central Ontario region

suggests that sand & gravel from existing licenced areas will have been exhausted by the end of the century," Mr. Bernier said. "All indications are that the supply situation in the rest of the province is equally serious."

The working party will be chaired by G.A. Jewett, Executive Director, Division of Mines, Ministry of Natural Resources, and includes representatives from other government agencies, municipalities, the aggregate in-

dustry, and other interested groups.

Members are Keith Bain, Ministry of Housing; William Ballinger, Uxbridge Township; Mrs. Barbara Bulmer, Puslinch township; C.C. Hoag, Victoria County; Ivor McMullin, Niagara Escarpment Commission; George More, Ministry of Treasury, Economics and Intergovernmental Affairs; J.C. Reid, Telephone City Gravel Materials Limited; Vic Rudik, Ministry of the Environment;

Alex Rutka, Ministry of Transportation and Communications; D.C. Schmieg-elow, Highland Creek Sand and Gravel Limited; Lee Symmes, Conservation Council of Ontario, and J.A. Young, Chairman, Regional Municipality of Waterloo.

Celebrate 50th Anniversary

Mr. and Mrs. Bert Blair of 1909 Dundas Street East, Whitby, celebrated their 50th Wedding Anniversary in November 1975.

The former Violet Miller was married to Bert Blair at the bride's parents home at Ingoldsby, Snowdon Township. The wedding ceremony was performed by the late Rev. C.C. Miller, the bride's maid of honour was her sister (Lena) Mrs. Ross Blair and the grooms brother Ross acted as best man. Mrs. Lorne Stewart (Bernice Blair)

was flower girl and Mrs. Trevor Cooper (Ruby Blair) was ring bearer.

Congratulations were received from Governor General and Madame Jules Leger, Acting Mayor John Goodwin, William Newman, M.P.P. and Prime Minister Pierre Trudeau. A plaque was presented to the celebrants by William Newman, M.P.P. on behalf of Premier William Davis.

Beautiful flower arrangements were received from the town of Whitby, Halibur-

ton, Minden, Lindsay, Whitby, Oshawa and Neighbours. Numerous cards, gifts and telephone calls were also received.

Visitors came from as far away as Nanaimo, B.C. Pittsburgh, Penn.; Georgetown; Haliburton; Minden and Lindsay, as well as from Oshawa and Whitby to offer their best wishes.

The celebration was hosted by their Son Bryce, daughter-in-law Shirley, Kim Smith assisting and Grandsons Roy and Keith.

Work experience
for that
first job

Ontario CAREER

A c t i o n

Available to unemployed persons, aged 16 to 24, under the Ontario Career Action Program.

Program

More than half of the unemployed in the Province are young people. Because of this, the Ontario Government has created a work-experience program, with a living allowance, that is designed to help young job seekers find gainful employment.

To be eligible, you must be at least 16 years old, but less than 25 years of age, and you must be unemployed, but actively seeking employment. You must not now be receiving full-time formal education.

Assistance includes on-the-job training plus an allowance of \$100 per week up to a maximum of 52 weeks. The aim is to provide the guidance and experience necessary for employment in private business or industry. The Ontario

Government and Canada Manpower will assist trainees in their search for employment.

To apply, fill out an application form at your local Canada Manpower Centre. Final selection of applicants and allocation of training assignments will be made by the Government of Ontario.

The first program begins January, 1976. Apply soon. Further information about the program is available at your Canada Manpower Centre.

The Ontario Career Action Program is administered by the Ontario Ministry of Colleges and Universities in cooperation with the Ontario Youth Secretariat.

Hall's Lake news

Miss Kathryn Lindsay has been spending a week of her vacation with her parents, Mr. and Mrs. William Lindsay.

Quite a lot of snow has fallen and the Highway Crews have been busy ploughing and sanding.

At Club 35 on Wednesday evening the same Executive was returned to Office and plans laid for a lively New Years' Eve Party. Several new Club Members were accepted, namely the Luther Wilsons, two Bunker couples and the Trodds of Mountain Lake. It is nice to have so

many newcomers join from Pine Springs and these folks all like to play Euchre on Monday evenings.

Sorry to learn that Mr. Harold Sedgwick is in hospital at Orillia having surgery on his hip. We all wish him well.

The Richard Kinsmans drove to Binbrook on Friday to take part in the Firemens Banquet. Dick used to play a big part in the Fire Brigade down there so naturally it would be only right for he and his good wife to attend.

Mrs. Verna Jarvis is spending this week-end with

her sister, Mrs. Helen Brown.

The Stinsons leave Sunday for Hamilton to attend the funeral of Mrs. Stinson's sister.

We are pleased to hear that Elmer Russell, his wife and family are back in Minden, although we are indeed sorry that his job in Campbellford did not transpire. Sometimes these things happen.

Mr. Albert Hart is visiting in Etobicoke with Thelma and Bill Small, and is even thinking of travelling via Air to Edmonton for Christmas. He will, however, be back to provide music at the Hyland Crest party next Wednesday evening. He is indeed a remarkable man for his advanced years.

Merry Christmas?

Christmas can be a joyous time of year.

It can cause happy wonder to shine in the eyes of a little boy or girl. It can bring great joy into a child's life. It can awaken faith. But unfortunately for some children, Christmas this year may be a disappointment. It may be looking in store windows at toys their parents can't afford to buy, or suffering for lack of adequate clothing, or simply experiencing a feeling of utter aloneness.

This need not be; for The Salvation Army, on your behalf reaches out to such children and makes possible for them the thrill of opening gifts, the treat of enjoying a

special holiday dinner, the warm feeling of wearing new clothes.

Yes, The Salvation Army knows many, many troubled people, both young and old. It tries to make Christmas happy and meaningful by providing friendship and material assistance for the less fortunate in communities all across Canada.

Fathers who will spend Christmas behind prison bars, the sick and lonely in hospitals and other institutions and needy youngsters who know little of comfort and cheer - all these and more will find Christmas joy this year through The Salvation Army.

Minden OPP reports

Break-ins occurring again as winter approaches

The Minden Detachment of the Ontario Provincial Police report the following activity for the period of December 1 to December 7, 1975, with the Detachment investigating nine motor vehicle collisions and 36 general occurrences. There were three break-ins reported, five persons charged with Liquor Control Act violations and two persons charged with impaired driving.

A vehicle travelling southbound on Haliburton County Road 15 (Harcourt Park) failed to negotiate a curve and entered the east ditch striking a rock on Wednesday last, December 3, at 1:00 p.m. The driver of the car, which was damaged to the extent of \$500., was 24 year old Brian White of 748 Water Street in Peterborough. The accident was investigated by Ontario Provincial Police Constable W.A. Bibby of the Minden Detachment.

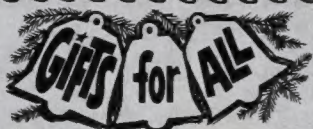

On Friday, December 5, 1975, an automobile driven by Floyd E. Pogue, age 51, of R.R. 1, Norland was making a left turn into a private drive on Highway 35 just north of the Kinmount Road when it was in a collision with a southbound car being driven by Mabel A. West, age 55, of R.R. 1, Minden. Injured in the mishap was Ivy Bolton, age 54, of R.R. 1, Minden with cuts and bruises, who was a passenger in the West vehicle. Mr. Pogue has been charged with making an improper left turn (failing to give reasonable opportunity to avoid a collision). Investigating officer was O.P.P. Constable W.A. Bibby of the Minden Detachment who estimated the damages at \$800 to the Pogue car and \$1000 to the West car in the accident which occurred at 10:30 a.m.

Myles N. Gartshore, age 23, of Lyon Street in Minden was the driver of a westbound vehicle which sustained \$500 in damage after leaving the Minden Road. The Gartshore convertible was rounding a curve when it entered the north ditch at 7:05 p.m. on Friday, December 5. Constable W.A.R. Buchanan of the Minden Detachment of the Ontario Provincial Police investigat-

ed. Highland Street in Haliburton was the scene of a mishap when a car driven by Brian G. Cowan, age 28, of R.R. 2, Haliburton was towing a pick-up truck driven by Peter R. Cowan, age 29, of Haliburton and the chain

broke with the truck colliding into the car doing the towing. The vehicles, travelling westbound on Sunday, December 7, at 12:15 p.m., were damaged to the extent of \$700 with \$200 damage done to the car and \$500 damage done to the pickup truck.

Manpower news

The Canada Manpower Centre in Peterborough was responsible for 382 regular placements during November of 1975 which compared favourably with the figure of 384 in 1974 and 375 in 1973. In addition the CMC recorded 94 casual placements during the month, advised Dick Kenzie, the Manager, in his monthly report of CMC activities.

The case load of clients registered with the CMC as

unemployed and seeking work reached 6138 at the end of November. This figure included many persons on seasonal layoff. Mr. Kenzie noted that there were 2082 new and revived registrations during November.

During the month 73 clients were signed up to take training under the Canada Manpower Training Program, at Sir Sandford Fleming College of Applied Arts and Technology in Peterborough. This increased the total of Manpower students to 359. Intake activity will be reduced during December, but several courses are scheduled for January and some vacancies exist. These include Masonry (Haliburton), Painting and Decorating (Haliburton and Peterborough), Dry Wall Taper, Machine Shop Practice and Welder Fitter in Peterborough. In addition, Basic Upgrading and Business and Commerce courses are run on a continuous intake basis. This means that new students can be started any week of the year, Mr. Kenzie continued.

Road reporting service

The Ministry of Transportation and Communication's 24-hour a day road reporting service went into operation on November 3rd. Callers who want to know the latest information on highway conditions and weather from across Ontario, need only to call one of the numbers listed below.

Personal news from Minden

Mr. and Mrs. Loyne Cox are home again after a pleasant holiday in California.

At the weekly Mini Card Party at the Parish Hall last Thursday afternoon winners were for bridge Marjorie Shuyler, for cribbage Fred Wright and Isobel Bingham and for euchre lone hands Vera Fuller and Alice Clark and Nellie MacMinn.

Several lucky ladies at Rotary Bingo Thursday night congratulations to Rowen McKelvey who won the Jackpot of \$250 in 52 numbers and Linda Miscio who won the second Snowball of \$60 in 17 numbers.

There was a Christmas Sale at Cox Apparel on Saturday and winners of the vouchers were \$25 - Connie Wrightman, \$15 - Lean Geedbes of Bowmanville and

\$10 - Mrs. Stewart Dawson.

Mrs. Stan Blears has had her mother, Mrs. Dawson of Toronto visiting her and Stan will be home from the hospital later this week.

Foster and Neil Hewitt of Toronto visited Mr. and Mrs. Ern Hewitt over the weekend.

Members remember the Women's Institute Christmas Party at the United Church Hall on Wed. Dec. 17th at 7:30 p.m., other ladies are invited to join our meetings.

Mr. and Mrs. Alec Beattie and family of Richmond Hill visited relatives over the weekend.

All their friends send good wishes to Alfred Moore and Denzil Cox who were patients at Ross Memorial. Pleased to report that Rober-

ta Rowe is home again.

Mr. and Mrs. Earl Hewitt had a Pre-Christmas Party for their many friends and a good time was engaged by

all. Out of town guests included Mr. and Mrs. Alec Beattie of Richmond Hill and Mr. and Mrs. Bert Lyons of Scarborough.

Dwight area news

Mrs. Harry Bierness of Huntsville spent a couple of days with Mr. and Mrs. Ed Bierness the past week.

The Women's Institute Penny Sale on Monday night was a great success. We would like to thank everyone for coming and making this event so successful. Thank you.

Mrs. Roy McCutcheon spent a few days visiting last week at the Royal Winter Fair, Toronto, also visited in Brampton and Keswick.

United Church Women's Penny Sale, Bake Sale, and Bazaar coming up on Dec-

ember 8th, in the evening, 8 p.m. in WI Hall.

Mr. and Mrs. Percy Clarke and Rocky spent the weekend in Meaford.

Portage Womens Institute wishes to thank Port Cunningham and Dwight friends for attending their penny sale and bake sale on November 17th.

Mrs. Lemmon spent a couple of days in Toronto visiting their daughter who is a patient in hospital there.

Get well wishes to Mr. Lemmon who has been a patient in Huntsville hospital for sometime.

News from Carnarvon

Mrs. Grace Renouf (Carnarvon Bake Shop) has moved back to our district for good, and she expects to have the bakeshop open a little earlier this year. We all wish Grace the best of luck.

Jim and Beth Redner of Brampton, helped Grace move up here, and visited around on the weekend.

Mr. and Mrs. Verge and family of Ottawa spent the weekend with Murna's grandmother, Mrs. A. Hussey.

A number of Carnarvon ladies attended the Maple Lake Christmas bake sale last week.

We have our first real snow storm and it looks as if it is here for the winter, but the weather is not too cold.

If you have any interesting news for the community please call 489-2286.

Mr. and Mrs. Hal Burton visited with their daughter and family in Oshawa for a few days last week.

Mrs. Shirley Edwards of Niagara Falls is visiting here for two weeks. Mrs. Edwards has several sisters here, she was Shirley Davis.

A 50th Golden wedding celebration was held last Saturday in Zion United Church for Mr. and Mrs. Arthur Barry with their relatives and friends.

MUNICIPALITY OF DYSART ET AL NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF LOT 14, CON. IV AND V, IN THE TOWNSHIP OF HARBURN.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443, of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, December 8th, 1975, a By-Law to Stop Up and Close the following:-

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Harburn, in the Provisional County of Haliburton and being composed of part of the original allowance for road between Concessions IV and V, across part of Lot 14, in the said Township and which said parcel or tract of land is more particularly described as follows:-

PREMISING that the bearings herein are astronomic and derived from the Northerly limit of Lot 14, Con. IV, having a bearing of North 69 degrees 08 minutes East as shown on Registered Plan No. 226.

COMMENCING at the North Easterly angle of that part of Lot 19, Registered Plan No. 226 for the said township lying in Concession IV;

THENCE South 69 degrees 08 minutes West along the Southerly limit of the aforesaid road allowance, a plan distance of 100 feet to the North Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession IV;

THENCE North 20 degrees 52 minutes West, 66 feet to the South Westerly angle of that part of Lot 19, Registered Plan No. 226, lying in Concession V;

THENCE North 69 degrees 08 minutes East along the Northerly limit of the aforesaid road allowance, a distance of 47 feet to the South Easterly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V, at a point distant 66 feet measured Southerly from the high water mark of Haliburton Lake as defined by Registered Plan No. 226;

THENCE Easterly along a line drawn parallel to and distant 66 feet measured Southerly from and perpendicular to the high water mark of Haliburton Lake as defined by Registered Plan No. 226 to a point where the same is intersected by a line drawn through the point of commencement on a course of North 20 degrees 52 minutes West;

THENCE South 20 degrees 52 minutes East to the point of commencement. AND WHICH said parcel or tract of land may be further illustrated as shown on a sketch drawn by H.C. Bishop, O.L.S., dated November 10, 1975 and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON this 10th day of November, 1975.

Wayne B. Wood,
Clerk-Administrator,
AMCT.

Report from Queen's Park *by John Eakins, M.P.P.*

The Legislature Committee considering the rent control bill is very much in the news this week. Real estate firms have predicted a crisis if Ontario imposed these controls, pointing out that "to new investment in rental housing will take place in Ontario" in this event. A representative of some 20 real estate companies told the Committee that "the inequities in rental buildings are being exaggerated" and "rent control is the first step in eliminating the free enterprise system". A Toronto builders group maintains that if the current legislation is passed it would serve to stifle rental construction. The Metropolitan Toronto Apartment Builders Association in a brief to the Committee warned that rent controls would cause a downward spin in the rental industry, lead to a shortage of vacant apartments and force landlords to let their buildings deteriorate. The proposed 8% ceiling on rent increases would, they said, force landlords to postpone repairs and reduce maintenance, reduce the profit incentive and dry up capital which would otherwise go into apartment construction. The association said the lowest vacancy rates in Canada are found in Vancouver and Montreal - the only two provinces which now have rent controls.

Housing Minister John Rhodes this week released the results of a survey carried out by Elliott Research Corporation during June and July; results reported to the Government in August, but only now made public. According to the survey the average rent increase for the year ending last July was less than 12%.

In anticipation of the rent control bill Metro Toronto landlords are seeking the shortest possible leases.

Premier William Davis told the legislature this week that the Provincial Government is considering mortgage interest subsidies to assist home buyers. The latest federal proposals are at present being examined by the Province to ascertain whether further provincial assistance is needed.

Ontario doctors have voted to increase their fees by 35% May 1st, which would

produce a 48% increase in their average net income, although it is uncertain that these new fees would be allowed under the federal government's anti inflation legislation. Provincial Health Minister Frank Miller has stated that he cannot accept the doctors' demand for a 35% increase in fees, but feels their statement is simply an opening bargaining position. He intends to meet with representatives of the Ontario Medical Association within the next two weeks to negotiate an increase in fees. Refusing to say what increase the government proposed, he indicated 15% might possibly be considered but noted that federal guidelines restrict professionals to income increases of 10% a year, to a maximum of \$2,400. The average net income for Ontario doctors in 1973 was \$40,024. They received a 7% increase last year and another 4% this year. The Minister said if the Anti-Inflation Board approved 35% higher fees, the Ontario Health Insurance Plan could not afford to pay them.

Toronto's High School Teachers continue on strike. They sent a large delegation to Ottawa this week to demonstrate against the federal anti-inflation guidelines. Some teachers have resigned in protest and their negotiators have warned that they "are ready to go into battle". The Provincial Executive Council of the Ontario Secondary School Teachers Federation have voted unanimously to recommend that the teachers' union "take the strongest legal and constitutional measures to prevent the application of the Anti-Inflation Board opinion to the collective bargaining process". Three new mediators have been appointed for the new round of bargaining. Stanley Hartt of Montreal (the "fact finder") George Adams, Vice Chairman of the Ontario Labour Relations Board; William Dickie, Assistant Deputy Minister of Labour. Mr. Hartt has warned that the new negotiations are "everybody's last chance", pointing out that "there will have to be pretty serious bargaining this time". The mediators are prepared to work around

the clock to end the strike, which has left 140,000 students without teachers since Nov. 12th.

The Province's seat-belt legislation has received third and final reading. Only Royal Assent is needed to make Ontario the first jurisdiction in North America to implement the mandatory wearing of automobile seat-belts. The law takes effect January 1st, and the police will be instructed not to lay charges during the first month. Reduced speed limits, being introduced together with seat-belt legislation will probably be in effect on all highways in the Province by mid-January. A special temporary exemption from the reduced speeds will likely be allowed for long-distance

buses until new timetables and connections can be scheduled. Although only a few MPPs actually voted against the seat belt legislation, many others expressed reservations and reluctance about the measure, including myself.

The Chairman of the Workmen's Compensation Board has told the Legislature's Standing Committee on Estimates that although occupational injuries are down 9.4%, compensation in actual dollars has increased by 29.4%, due partly to inflation but also to amendments to the W.C.B. Act increasing the benefit rates. As a result employers' rates will increase by between 35% and 100% next year.

See you next Week.

Gems of Truth

When Jesus Came!
The season of the year should prompt some thought on world conditions when Jesus came into it. The similarities between that day and His return to this world are quite evident. The nation of Israel was living under the iron heel of conquering Rome. On the throne sat a Idumean king, a descendant of Esau and the age-old rival of Jacob. When he heard of the inquiry of the "Wise men" for one "born King of the Jews", Matthew 2:2, he was greatly troubled", verse 3. The very thought of a possible rival to his throne roused all his selfish passions. How much like so many today who are troubled in heart because they fear if His influence is not checked their plans of dominion will be upset. Satanic hatred of Christ the Lord seeps out in the most unsuspected areas

of life. The silversmiths of Ephesus are a classic example, Acts 19:23-27. Toleration of Christianity with true and high ideals is ever looked upon as fanatical and off key. There is however, a trouble that is healthy. The Holy Spirit has been sent into the world to remind man of his waywardness and when He touches lives, sin and guilt become a burden of heart. But it is not enough or sufficient to be troubled, there must be more than emotions stirred. Some weep bitterly when convicted of sin and of judgment but never come to the place of committing their lives to the Lord Jesus. The forgiven sinner is no longer troubled by guilt but finds the forgiving Saviour a "joy to his heart", Psalm 73:25. Herod's trouble infected "all Jerusalem", Matthew 2:3. There were many Jews who were on the payroll of

Herod and who were involved in his crimes. Surely they had great cause to tremble when they hear that their "Messiah" who was to "reign in righteousness", Isaiah 32:1, was born into the world. Whenever things are wrong, the thought of a returning Jesus should indeed cause uneasiness. There are many things wrong in professedly Christian churches and homes and if Christ came today there would be plenty of trouble. Many desire to be let alone, Mark 1:24, and they greatly resent Christ's disturbing them in their worldly aims and pursuits. How different the desire of the truly wise! What a marvellous thing that the "Magi" from afar should come so great a distance to do homage at the feet of Jesus, Matthew 2:1-2. It is the uncommon thing for the "wise" of this world to do so, 1 Corinthians 1:26-27. But these that came were Divinely wise. Those whose pride of intellect will not allow them to see "God in Christ" are not wise in the best sense, they are as Paul puts it, wise in their own conceits, Romans 12:16. A "fool" in Scripture is never a mentally deficient person but rather one arrogant and self-sufficient, one who, in the words of Dr. Schofield, "orders his life as if there were no God". The Wise men were not content to simply have seen "His star" they must see Him for themselves. What a lesson for us! Many there are who have heard all about "Him" but who have made no conscious effort to know Him in person. Seeing Him as to who He really is brings deep adoration. There was no doubt in the minds of those travellers to Bethlehem as to the Deity of the "Born One" for they said "we are come to worship Him", Matthew 2:2. True worship is relayed in offering and let us notice the offering was not present-

ed to Mary but to Christ. It was God's way of meeting the needs of Joseph and Mary as they provided for the "Child" soon to be in exile. How true that God shall supply all our need in Christ Jesus, Phillipians 4:19. Herod pretended to be desirous of worshipping Christ but murder was in his heart. The Wise Men sensed something wrong in his eagerness and they allowed that his zeal was not as pure as it seemed to be. They never promised to return to Herod and their silence did not mean consent. Christians need to learn not to believe everybody who makes a loud profession, nor do all such ask of us lest we be party to their evil ways. The "Babe of Bethlehem" triumphed over Herod because God was with Him preserving Him from all evil. His early victory over the powers of evil was prophetic of His ultimate victory over all forces of hate, envy and oppression arrayed against Him in life and in death. These forces are still active against His Church but their power is limited, their days are numbered, 2 Thessalonians 2:6-12. How refreshing to remember and practice the presence of the victorious Christ in our daily walk of life in a hostile world where we are left till Jesus returns for His own, 1 Thessalonians 4:13-18.

Seidenspinner addresses Fellowship Banquet

All those who attended the E.F.C. banquet on Tuesday, November the 25th were greatly thrilled to be addressed by the new president of the Evangelical Fellowship of Canada. The one hundred plus who were present at the local chapter banquet, enjoyed to the full the Christian fellowship. Dr. Seidenspinner is an accomplished speaker, having great interest in the field of Christian teaching and the Lord of the Church is using this servant of His in strengthening Evangelical bonds across the continent. His easy listening to way of presenting Biblical truth was a rich blessing to all who were present at the local banquet. The local chapter of E.F.C.

attempts to bring before the public good sound teaching and is interested in all the spiritual activities of the county. The new executive appointed on the banquet date desire to be true servants of the Lord and plan to keep the unity of the Church foremost in programs presented. A singing group known as the Viscounts, have been engaged to render a program of sacred music and verbal inspiration from the Word. We would ask you to keep the date of Feb. 7th open for this next meeting, sponsored by the Haliburton Chapter of the Evangelical Fellowship of Canada. Such meetings are only a blessing to others as each Christian shares in it and brings a friend.

Rent controls

The following is a statement by Housing Minister John Rhodes on the first reading of the proposed Residential Premises Rent Review Act delivered to the Ontario legislature Nov. 6

The introduction of rent control in Ontario at this time is in keeping with this government's undertaking during the last election. It should also be viewed in the context of the federal government's anti-inflation measures which it is designed to complement.

As the minister responsible for housing I am, and must be, concerned with the possibility of rent control could have an adverse effect on the development of rental accommodation which is already scarce in a number of our communities. In other jurisdictions such a reduction has occurred and it is a distressing side-effect of the strong medicine of rent control. However, at a time when rents have been climbing, wages are limited and prices subject to review, rent levies must be legislated for the common good. Hopefully, we will be able to interest builders in our housing programs and the new federal housing initiatives so that, notwithstanding the controls, a better supply of accommodation of all types will become available in these communities.

The following are the general principles of the legislation.

- Leases commencing before July 30, 1975, while not subject to this act, may be considered by rental officials named under the act if a tenant requests a review of the statutory rent increase allowed when such a lease is renewed.
- Leases commencing between July 29, 1975 and Jan.

1, 1976, will be limited to a maximum rental increase of eight per cent of the rent paid in July, 1975. During this period the allowable increase cannot be applied by either party. Appeals will be allowed either party for the balance of the term after Jan. 1, 1976. Provision is made to require landlords to refund overpayments.

- Leases commencing between Dec. 31, 1975 and Aug. 1, 1976 will be subject to a maximum rental increase of eight per cent which may be appealed by either landlord or tenant.

- Leases commencing between July 31, 1976, and Aug. 1, 1977, will be subject to a new maximum rental increase established by order-in-council which may be appealed by either landlord or tenant.

- In any appeal case the person affected by the appeal may ask to have the rents reduced rather than increased or increased rather than reduced as the case may be. The onus will be on the landlord to demonstrate that increased costs justify the rent increase.

- Disputes will be first heard by a rent review officer with a right of appeal by either party to the rent review board.

Residential premises for the purpose of this act will be either a dwelling unit that contains bathroom and kitchen facilities or land used as a site for a mobile home. Rent will mean not only the amount paid by the tenant for accommodation, but that paid for any ancillary service "or thing" such as parking or lockers. A tenancy agreement may be written, oral or implied.

We will be naming rent review officers in all parts of the province and making provision for the rent review board to hold hearings across Ontario for the convenience of tenants and landlords.

The rent review officer will be empowered to approve the amount sought by a landlord if he is satisfied that the costs presented justify the amount of the rent increase. On the other side of the coin, he can order the landlord to reduce the rent increase to an amount less than eight per cent on appeal by the tenant and order the landlord to pay back rent already paid in excess of what is finally allowed.

Until such time as the rent review officer makes his decision, a rent increase up to eight per cent limit established by the act may be collected by the landlord. Also, the discontinuance by the landlord of a service, privilege, accommodation "or thing" which results in a substantial reduction of the tenant's use and enjoyment of the premises will be considered a rent increase. Neither party may charge for any equipment or service which cannot be justified. The rent review officer is empowered to review such actions by landlords and tenants who sublet.

Tenants will not be able to sublet for a consideration greater than the rent that is lawfully charged by the landlord and may not charge any consideration for assigning the tenancy agreement.

This act will not apply to a number of residential premises. These include those owned by federal or provincial governments or government agencies, buildings of four residential units, or less, luxury accommodation which is defined as having a rent of more than \$500 a month, co-operatives and non-profit housing and several similar exclusions. Also exempted are new buildings, no part of which was occupied for residential purposes before Jan. 1, 1976.

Any persons who knowingly contravenes the limiting sections of the act if guilty of an offence and on summary conviction is liable to a fine not exceeding \$2,000.

Report from Parliament

William C. Scott M.P.

The federal government's anti-inflation legislation passed third reading in the House last Friday, and it will not only be a matter of a few days before it gets Royal Assent and becomes law.

Hopefully, we will soon find out exactly what the guidelines will be for those parts of the economy that will come under Anti-inflation Board jurisdiction. Up to now the government has not been able to answer the thousands of enquiries it has received from concerned individuals and businesses, except in very general terms.

We in the Official Opposition tabled several amendments that we hoped the House would accept. These proposed amendments would have limited the life of the board, and would have brought government spending under the anti-inflation guidelines. These proposals failed to get approval, along with our other proposals.

As it stands, the controls will be in effect until December 31st, 1978. With its majority in the House, the government will be able to extend them for a further period by simply tabling a bill to that effect.

Our amendment would have given the controls a cut-off date of April 30th, 1977. At that time the

government would have been compelled to table a progress report on the program, and the ensuing debates would have given us a good idea of the program's performance record. It is our feeling that the program will either be successful by that time, or if it isn't, would have given us an excellent opportunity to just let the program expire.

We also feel that federal government spending should be limited to the levels that will be applied to the rest of the national economy. Federal spending has increased by 300 per cent since 1968, and we can't see any possibility of the program working if government spending is not curbed.

It has long been recognized that federal government spending has been a major contributor to inflation in Canada, and to exclude such a large part of the national economy from the anti-inflation guidelines is almost a guarantee that the program will not be successful.

Now that the legislation has passed we can expect to see a rapid growth of the Anti-Inflation Board. It has been estimated that the Board will grow to the point where it will have roughly 14,000 people, with an annual budget in the tens and possible hundreds of

millions of dollars.

If that happens, then the board will be one of the largest departments in the Public Service, at a time when the Official Opposition has been urging the government to curtail the growth of the service.

This is a strange way indeed to fight inflation. The vice president of one of Canada's chartered banks has stated publicly that the government is not as interested in fighting inflation as it is in getting control over the Canadian economy. The refusal of the government to accept our proposals to make the legislation more meaningful in fighting inflation

lends credibility to the bank official's claim.

The government's contention that it can fight inflation by controlling the private sector of the economy, and leave government spending to the discretion of the President of the Treasury Board and the Cabinet, worries me. It reinforces my belief that they simply don't know what they are doing or where they are going.

Another thing that worries me is that the government will surely be reluctant to dismantle the Anti-Inflation Board on December 31st, 1978. By that time it will have grown into a massive bureaucratic machine.

In Memoriam

SCHEFFEE Leslie James - In loving memory of a dear husband, father and grandfather who passed away suddenly December 17, 1970. Quietly remembered every day.

In our hearts you will always stay.

Sadly missed by his wife Florence, the family and grandchildren.

BISHOP - In loving memory of our dear son and brother, Kenneth Bishop, who passed away on December 9th, 1971. Though his smile is gone forever

And his hand we cannot touch

Still we have so many memories, Of the one we loved so much. His memory is our keepsake, With which we'll never part, God has him in his keeping, We have him in our heart.

Sadly missed and always remembered by mother Louise Bishop, sister Viola, and Bruce, Brenda, Marlene, David and Allan Cook.

McPHAIL, Charles - In loving memory of a dear husband, father and grandfather who passed away December 13, 1974.

It only takes a little space To say how much we missed you But it will take the rest of our lives

To forget the day we lost you. Sadly missed by wife and family.

Haliburton County Council meeting

The regular November meeting of County Council was opened for business by Warden Reginald Booth at 10:00 a.m., Wednesday, November 19, 1975, in the Council Chambers, with all nineteen members in attendance.

Approval of Minutes

THAT we approve minutes of the meeting of October 15, 1975, as circulated. **Carried.**

Business arising from Minutes

Federal Electoral Boundaries Commission
Mr. S. G. Nesbitt reported on the hearing in Belleville protesting Federal Electoral Boundary changes. The Boundaries Commission held an open meeting, which was well represented by Municipalities within Haliburton County, and was receptive to their presentations.

As requested by Council at the October meeting, County Clerk Winifred Lahay obtained additional details and statistics on Haliburton County Board of Education costs and reported accordingly.

Financial Report

Finance Chairman Jerry Howarth discussed the interim comparative statement to November 15th, and reported that the Finance Committee had found all accounts to be in order.

Approval of Accounts

THAT payment of accounts be approved in the amount of \$41,541.28, representing cheques numbered 524 to 583 inclusive. **Carried.**

Correspondence

Because of the mail strike and minimal correspondence requiring attention, the Correspondence Committee did not meet this date. The Clerk read a letter from the Hon. Leo Bernier, Minister of Natural Resources, with reference to the Provincial Parks Council. This was in reply to the County's request for local representation on the Provincial Parks Council since the entire southern boundary of Algonquin Park abuts Haliburton County.

Haliburton County Economic Development Commission

County representative on the Haliburton County Economic Development Commission, Murray Fearrey, reported on activities of the Commission, the seminar planned for December 3rd, and referred to contents of correspondence and reports. The Clerk read a letter informing the County about the Commission's meeting in Toronto relative to the Provincial Parks Council, and a letter addressed to the Minister of Natural Resources promoting the establishment of Fish Hatcheries within the County.

County Roads

County Road Chairman S.G. Nesbitt, outlined activities undertaken by the County Road Department and explained in detail the basis for the additional work presently being undertaken.

Approval of increased Road Expenditures 1975

That we approve increased Road Expenditures in the amount of \$40,000.00 for the year 1975 in accordance with supplementary grant allotment for the requested

project on County Road #10, confirming previous unanimous verbal approval of members of County Council. **Carried.**

Hyland Crest Senior Citizens' Home

Hyland Crest Committee of Management Chairman, J. Harrison reported on operations at Hyland Crest Senior Citizen's Home.

Health Unit

Representative to the Haliburton Kawartha Pine Ridge District Health Unit, Gary Agnew, gave a comprehensive report on projects and concerns of the Health Unit.

Haliburton County Public Library

As Reeve of the Municipality of Dysart et al, Murray Fearrey attended the Official Opening of the Haliburton County Public Library Headquarters on October 26th, and commended those responsible for arrangements of a function well organized and well attended. The Warden concurred.

Cardiff and Area Health Care Centre

Chairman of the Improvement District of Bicroft, J.M. Howarth, reported on the Official Opening on October 25th, of the Cardiff and Area Health Care Centre, which is proving beneficial and offering many services.

Haliburton County Property Owners' Council

Mr. Gary Agnew reported on the annual meeting in Toronto on November 13th of the Haliburton County Property Owners' Council where Mr. Robert Galloway was guest speaker. Mr. Galloway explained the County Restructuring Study which had been proposed by the County, but is stalemated because the Ministry, which would subsidize half the cost, does not agree with the cost and extent of study proposed. Phases of the study had been timed to be appropriate for full consideration by seasonal residents, and County Council suggested that the delay had been detrimental.

John Eakins, M.P.P.

John Eakins, M.P.P., attended Council and expressed appreciation of this opportunity. He commended municipalities for the service rendered to the people, and pledged himself to be available to do what he can for the County Members of Council listed with Mr. Eakins a number of concerns which they wished investigated.

District Health Council

THAT the Ministry of Health be advised that this County strongly requests the addition of Mr. Gary Agnew as an appointment to the Haliburton Kawartha Pine Ridge District Health Council, as per the previous request by Haliburton County Council. **Carried.**

Noon Recess

County Council recessed at 12:00 noon for luncheon at Hyland Crest Senior Citizen's Home and a tour of the Home. Council reconvened at 2:00 p.m.

Property Report

Property Chairman, Lloyd Walker, read details of property expenditures to date in comparison with budget.

Children's Aid Society

Representative to the Child-

ren's Aid Society Norman Locke told Council that after the meeting currently scheduled he would have more details on pending revision of legislation, and these would be available for the December meeting of County Council.

Ontario Hydro

BE IT RESOLVED THAT this County Council of the Provisional County of Haliburton forward a letter of thanks to the employees of the Ontario Hydro Commission at Minden for the excellent manner in which they repaired and restored the Hydro which was disrupted by the recent storm. **Carried.**

Educational Costs

Be it resolved that this County Council request the Townships who are contesting the validity of the 1975 apportionment of Educational costs pursuant to Section 206 (6) of the Education Act, 1974, get together and make every effort to solve their differences without the assistance of the Ontario Municipal Board.

Mr. Pat Conaghan spoke to the motion, and requested a recorded vote.

Warden Reginald Booth vacated the Chair for the vote. Clerk-Treasurer Wini-

fred Lahay took the Chair and recorded the vote.

Yeas - 18; Nays - 8
Abstained: 3

Motion Carried.

Warden Reginald Booth returned to the Chair.

Adjournment

The regular November meeting of County Council was adjourned at 3:00 p.m.

Create a Bathroom Anywhere in Your Home for Beauty, Economy and Convenience with a FLUSH-UP TOILET

Install it anywhere — From basement to attic — it flushes up, down or horizontally.

There are no electrical connections to make and no chemicals used. No valves to install on the wall or anywhere else that could leak and cause damage. No siphon bottles to fill and bother with. The Doss FLUSH-UP is fully self contained and completely automatic. Just push a conveniently located button and the built in powerful pump uses your normal water pressure to disintegrate human waste and toilet paper . . . turns it into a thin liquid . . . then flushes it up to sewer or septic line or anywhere else for disposal. It's economical too, uses very little water.

INSTALLS IN TWO SIMPLE STEPS

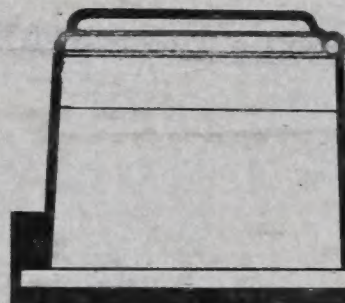

1. BOLT DOWN

Once you have located the best place for the toilet bowl, there are only 4 conveniently placed screw holes to secure the bowl to the floor . . . concrete, wood, tile or other material.

2. HOOK UP

Make two simple connections . . . one for water . . . one for sewage. Use either flexible or rigid 1/2" pipe available at hardware or plumbing supply stores or order from us.

The Doss FLUSH-UP takes advantage of one of the oldest known laws of physics. It operates on the same simple dynamic principles used in equipment aboard rockets that circle the moon and planets. The Doss DYNA-PUMP was designed and perfected here in the MANNED SPACECRAFT CENTER capital and is the secret to the success of the unit. This powerful pump, operated by normal water pressure has only two moving parts which makes it so trouble-free and dependable. There is no other pump like it in the world.

12 FT.

THE MOST MODERN TOILET MADE TO USE WHERE THE SEWER OR SEPTIC LINE IS HIGHER THAN THE TOILET!

CONVERT YOUR BASEMENT INTO A HAPPY RETREAT for games, guests, or the youngsters! Make any unused space in or around your home into a den, office, study room, apartment, or hideaway complete with private bath, and for so much less than you might expect to spend!

INSTALL IT YOURSELF IN ONLY A FEW HOURS . . .

Almost as simple to install as a new washing machine. We supply full illustrated instructions for doing it yourself using ordinary tools of have a plumber install it if you prefer.
